

Mid America Regional Lily Society

Evaluation Form Zabo Lilies

Your Name:

We would like to thank you for participating in this study. Please document your CULTURAL OBSERVATIONS of the various Liliium cultivars you are evaluating using the following questionnaire;

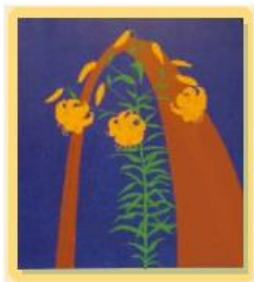

Name of Liliium Cultivar:

Description of the SOIL, and all AMENDMENTS:
(Example: 1/3 garden soil, 1/3 compost, 1/3 sand)

Appraisal of the BULBS upon planting:
(Example: Did you observe any rot or disease with the bulbs)

Planned FERTILIZATION Program, please include timing of application:
(Example: Slow release, Miracle-Gro, Miracle-Acid)

Planting design, if deemed valuable to the planting:
(Example: cluster planting vs. row planting, a simple sketch is adequate)

Mid America Regional Lily Society

Evaluation Form Zabo Lilies

POTTING, please include soil mix, pot size, and number of pots:
(This section applies if bulbs were grown in a pot vs. directly in the garden)

Include any MULCH types...Drainage factors...Labeling:
(Example: Pine-bark mulch, special drainage considerations, do you have a map/
legend of your planting)

**Do you have a "Preventative" spray/Drench program? Please provide the
product brands, dates of application, and any insects or disease found:**
(Example: Did you use systemic type spray?)

**"Growing-On" observations, as to VIGOR, bud and flower development,
other pertinent data:**

**Please include photos of any observations to support your evaluation. This
includes foliage color, stem vigor, bud formation, flowers, insects or disease
issues.**
